19. SCORING

19.1 FINALS AND SCORING IN LIFESAVING WORLD CHAMPIONSHIPS

- a) For point score purposes finals are required to be conducted in the National Teams LWC Pool and Ocean Events, the National Teams IRB LWC, the Interclub LWC Pool and Ocean events, and the Interclub IRB LWC.
- In National Teams and Interclub LWC Ocean events: The highest placed 16 competitors based on heats are assigned positions in a final of 16 competitors, or in an A and B final of eight competitors each.
Note: The Ocean M and Ocean M Mixed Lifesaver Relay are both conducted with 24 competitors in the final
 - In National Teams and Interclub LWC Pool events: The fastest 16 competitors based on heats are assigned positions in an A and B final of 8 competitors each.
 - In National Teams and Interclub IRB LWC events: The highest placed 16 competitors based on heats are assigned positions in an A and B final of eight competitors each.
- b) Winners of A finals shall be declared Lifesaving World Champions.
- c) In the Interclub Masters LWC, finals shall not be conducted for pool events. All pool events shall be conducted as timed finals. That is, each competitor swims the event only once. The competitor's final placing shall be determined on the basis of his or her time. Competitors shall be seeded according to their submitted times with the time-finals swum slowest to fastest.
- e) For the Interclub Masters, Surf Boat, and Beach Run LWC there is no point score. Only A finals are required to determine winners and place getters in these LWC.
- f) Teams competing in National Teams Open and Youth LWC, Interclub Open and Youth LWC, National Teams IRB and Interclub IRB LWC shall be allocated the following points based on team member placing in finals:

Place	Points		Place	Points
1 st	20		9 th	8
2 nd	18		10 th	7
3 rd	16		11 th	6
4 th	14		12 th	5
5 th	13		13 th	4
6 th	12		14 th	3
7 th	11		15 th	2
8 th	10		16 th	1

Note: The National Teams Open and Youth LWC are separate championships with separate point scores for both.

In determining the point score ranking please note:

- There shall be no point score blocking. All competitors are eligible to earn points for their team.
- In finals, if two teams tie for first, each receives first-place points (20). The next placed team is awarded third place and receives 16 points, and so on.
- Ties in this team ranking point scores shall be broken using the following system:
 - Most first-place final finishes.
 - Most second-place final finishes.
 - Most third-place final finishes; and so on.
- Competitors or teams must advise if they intend to withdraw from an A or B final within thirty minutes of the finalists being announced. Competitors or teams who withdraw or do not start (DNS) in an A or B final shall not earn any points for their team's point score (i.e., zero points are scored for a "no show").
- Where one or more competitors in any LWC withdraw from an A or B final, competitors shall be called forward to finals as detailed in the current edition ILS Competition Rule Book.
- Competitors who do not finish (DNF) or who are disqualified in an A final shall earn eight points. Competitors who do DNF or are disqualified in a B final shall earn one point. (See Section 2.14 Disqualifications and DNF classifications in the current edition ILS Competition Rule Book.)
- However, competitors shall not earn any points if they are disqualified for "competing unfairly" or for a "serious discipline offence" (refer section 2 in the current edition ILS Competition Rule Book.)
Note: For clarification of "elimination" vs "disqualification" for Beach Flags refer to the Beach Flags event description in the current edition ILS Competition Rule Book.
- No points shall be credited to any team if an event is cancelled – even if some heats have been conducted.
