

DROWNING PREVENTION COMMISSION

The Drowning Prevention Commission will provide leadership in the global effort to prevent drowning with an emphasis on reducing drowning of children, in developing countries, regions and populations with high drowning mortality and drowning as a result of aquatic disasters. The Commission's responsibilities include, but are not limited to, drowning research and drowning reports, child drowning, the World Conference of Drowning Prevention and global drowning prevention. The Commission supports the Board of Directors in the facilitation of relationships with organisations collaborating in areas within its area of responsibility.
